

REVIEW OF MARKETS

FINANCIAL AND COMMERCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

These Are Closing Sales Each Day.

New York, Sept. 22.—Stocks weakened a trifle to-day, and after two hours of active trading the market closed active and weak, except for the irregularity caused by shorts buying to cover in some of the stocks which had been most severely sold by the bears. Only in Tennessee Coal was the rally a point, leaving a net loss of 2 points in that stock. The Couters, the high priced specialties and the steel stocks, except the Steel Rail makers, show the heaviest losses. The railroad group did not escape the prevailing weakness and Standard railroad stocks were especially depressed as stocks of minor roads. There were examples of a loss of a point or over in the trunk lines, the Southern group, the Southwestern, the Grangers, and the Pacific, B. and O. and L. and N. were most prominent for weakness. The bank statement seemed to precipitate renewed selling, although it was no weaker than had been expected, and the decrease in loans was rather better. The movement of gold from the Bank of England to Germany, coupled with the heavy interest for currency, strengthened the conviction that considerably higher money rates are inevitable. The bond market has been chiefly unaffected compared with stocks, but liquidation has been in evidence there also. U. S. new 4's, coupon, advanced 1/4 and the old 4 1/4 1/2 per cent. in the bid price. The 3's declined 1/4 per cent. Total sales of stocks to-day 195,500 shares.

New York, Sept. 23.—Standard Oil, 5.52-5.53.
